OFFICIAL MEMORANDUM.

No. D. 1218, dated 2nd September 1941.

The accompanying Press Note, dated 5th August 1941, issued by the Government of India, Commerce Department, regarding allotment to newspapers of import quotas of newsprint is re-published for general information.

By Order,
V. VEDAVYASACHARYA,
Secretary to Government,
Development Department.

PRESS NOTE.

NEWSPRINT CONTROL.

QUOTA ALLOTMENT ON PAST CONSUMPTION.

The Government of India have now received sufficient returns under the Newsprint Control Order, 1941, for them to introduce, on a temporary basis in the first instance, a system by which import quotas for newsprint will be allotted to newspapers on the basis of past consumption instead of to importers on the basis of past imports. Import licenses will be granted up to the limit of such quotas.

This system will cover shipments made during the four months from September to December 1941. Import licenses which have already been issued by Import Trade Controllers to importers, on the basis of past imports, for shipment to be made during September and October 1941 will therefore be cancelled.

Quotas under the new system will be allotted by the Chief Controller of Imports, Commerce Department, New Delhi, who will issue to each newspaper a certificate showing the quota allotted to it for shipment during the four months in question. It will be necessary to attach these certificates to applications for import licenses which will continue to be presented to import Trade Controllers at the ports. The Import Trade Controller will return the certificate to the applicant after endorsing on it the amount which has been included in the import license granted by him.

In order to safeguard the interests of dealers it has been decided that import licenses will be issued in the name of a newspaper quota-holder only to the extent to which it has imported direct during the calendar year 1940. For imports through dealers it will be open to a quota-holder to nominate any dealer whose name figures on a list drawn up by Government on the basis of the information received by them under paragraph 5 of the Newsprint Control Order, 1941 and the import license will then issue in the name of this nominee.

Commerce Department,

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE (MYSORE PUBLIC OFFICES, BANGALORE)

No. P. 18—40-41, dated 19th September 1941.

PRESS NOTE.

Clandestine Manufacture of Fireworks.

Instances have come to the notice of the Department of Mines and Explosives in Mysore, where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses, clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the Local Police Authorities. The object of bringing this to the notice of the general public is in view of the approaching Deepavali festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Bellulli Pattas" throwdowns or small bombs—consisting of a mixture of potassium chlorate and arsenic or antimony sulphide or sulphur—have come to notice. These accidents have resulted in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property. The mixture constitutes a highly dangerous explosive to friction, force (blows) and even liable to ignite spontaneously. As this firework composition is mostly used during Deepavali and Shaban festivals, the department has also issued timely warning by a notification in the Official Gazette, to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any persons manufacturing, possessing or importing such a mixture will be rendering themselves liable for punishment under the Law.
